

FOR IMMEDIATE RELEASE

Garlock to Exhibit at “ProPak Vietnam 2017”

Highlights:

- Show will be held on March 21-23, 2017, in Ho Chi Minh, Vietnam
- Rubber Fab which was acquired by Garlock, last year April, will be showcasing a range of high performance sanitary gaskets, hoses, and fittings for the hygienic process industries.

About ProPak Vietnam

Premier trade event serving the processing and packaging industries in Vietnam since 2005, focusing on the growing pharmaceutical, food & beverage industries.

[Garlock](#), a leading manufacturer of high-performance fluid sealing products with an emphasis on safety, longevity, and productivity, proudly announces their presence at Propak Vietnam on March 21-23 2017, SECC in Ho Chi Minh City, Vietnam.

[Garlock](#) will also be exhibiting Rubber Fab; a recognized supplier of critical process consumables for the pharmaceutical, bio-processing and food & beverage sectors. With Rubber Fab onboard represents a clear commitment to invest in the Pharmaceutical, Food & Beverage sector which is a key part of Garlock’s strategic growth plan. These advantages would greatly help us in serving our customers better in the pharmaceutical, food & beverage industries.

On display at the show will be a variety of products meant for use in the pharmaceutical, food & beverage industries, including:

- [Gylon® Bio-Pro Plus™](#), delivers best in class performance across all critical factors such as compliance, chemical compatibility, sealability, creep and cold flow. Eliminate critical and costly contamination issues often associated with gasket recession or intrusion with hygienic couplings.
- [Tuf-Steel®](#) is the choice for perfect surface performance, outstanding durability and extended service life. The superior strength eliminates creep and cold flow providing a leak-free seal
- [Smart Clamp™](#), the next generation of sanitary hinge clamps, provides accurate gasket alignment, multiple settings for proper torque, and 360° equal compression to support perfect surface results complying with ASME-BPE seal performance standards.
- [Sanitary Hose & Hose Assemblies](#), Rubber Fab offers a variety of rubber hoses in different materials to meet virtually any sanitary hose application. Adhere to quality standards set forth by both the Pharmaceutical and Food Industries.

Garlock will be represented at Booth 26, Saigon Exhibition & Convention Centre (SECC)
